

RAINBOW RISING

AFTER SCHOOL CARE

www.rainbowrising.org

Mission Statement

The Rainbow Center provides a quality, safe and fun program for children. We use positive communication, activities, and patience to create responsible citizens for the future.

Qualified Directors, Teachers and Aides

All Directors are qualified under the California State Department of Social Services Licensing laws. They have obtained the required college level units in child development and have attended Administration classes. In addition, all Directors are CPR and first aid trained as well as trained in pediatric first aid.

Teachers are qualified under the California State Department of Social Services Licensing laws. They are CPR and first aid trained. A minimum of 12 college units of child related fields is required and teachers must have experience working with the appropriate age level.

Aides must demonstrate the ability to work successfully with children and are encouraged to obtain college level courses and attend workshops.
